

Wireless Chime

DH-DS3BB

Series Overview

The Wireless Chime is an indoor device that chimes when your video doorbell is pressed. Highly convenient, it can also be bound to multiple video doorbells at the same time, so you can place multiple Wireless Chime around your home to always hear whenever someone presses your video doorbell. Whether you're in the kitchen, office or bedroom, you'll never miss a thing if your phone is out of reach.

Technical Specification

Audio
